14" PORTABLE USB TYPE-C MONITOR

CU1400

Providing additional Full HD images for the limitation of single screen size,
as well as enhancing the entertainment sensory experience at anytime and anywhere.

5mm ULTRA-THIN | **TYPE-C/HDMI** SIGNALS | **10 POINTS** CAPACITIVE TOUCH

LCD 1920×1080

RGB

HDR

Wide Viewing Angle

Featured with 170° viewing angle, 250 cd/m² brightness, 800:1 contrast ratio, 8bit 16:9 screen panel and excellent response time.

Color Management

Support adjustable screen color menu. Setting up your individual color tones no matter when playing game, watching movie or working in office.

HDR (for HDMI mode)

When HDR is activated, the display reproduces a greater dynamic range of luminosity, allowing lighter and darker details to be displayed more clearly. Effectively enhancing the overall picture quality.

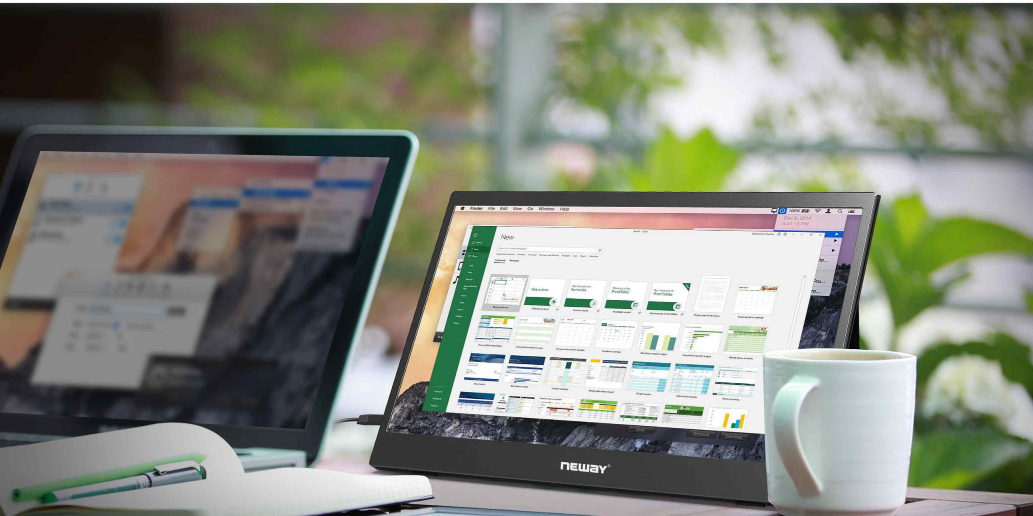
Slim & Lightweight

Only 5mm thickness and won't take up too much space in your handbag. What's more, the 970g (with case) light weight doesn't make it a burden when traveling.



Multi-tasking

Even if two equally important tasks to do and both should be kept in your sight synchronously, an USB Type-C monitor will be a better choice. Also, when present something to others at a meeting, please use a USB Type-C cable to achieve so.
